WHO WE ARE

TRICHOLOGIST VS DERMATOLOGIST:
ARE THEY DIFFERENT?

TRICHOLOGISTS ARE EXPERTS IN HAIR AND SCALP HEALTH. THEY HAVE RECEIVED SPECIALIZED TRAINING THAT HELPS THEM IDENTIFY DIFFERENT TYPES OF ALOPECIA AND COMMON SCALP PROBLEMS. THEY CAN PROVIDE A DIAGNOSIS AND TREATMENT PLAN, AND REFER TO OTHER MEDICAL PROFESSIONALS FOR FURTHER ASSESSMENT OR TREATMENT IF NEEDED.

DERMATOLOGISTS ARE MEDICALLY TRAINED DOCTORS WHO SPECIALIZE IN SKIN, HAIR, AND NAILS. THERE IS AN OVERLAP BETWEEN DERMATOLOGISTS AND TRICHOLOGISTS, BUT TRICHOLOGISTS FOCUS SPECIFICALLY ON THE HAIR AND SCALP, WHILE DERMATOLOGISTS LOOK AT A WIDER RANGE OF ELEMENTS.
